

## Hamilton Fraser Cosmetic Insurance Annual Survey

Over the past decade, the number of individuals entering the aesthetics industry has increased dramatically, as has the demand for aesthetic procedures.

As the marketplace continues to grow, the Hamilton Fraser Cosmetic Insurance team want to ensure that their customers and those within the industry, have access to all of the educational resources that they need.

Naomi Di-Scala, Aesthetic Insurance Manager of Hamilton Fraser Cosmetic Insurance says, "We want to share our industry experience and knowledge with the wider cosmetic community.

Whether you're interested in learning about business planning, how to start out as a practitioner or patient selection, we are here to help."

In order for us to establish the educational materials that will be most beneficial, we have created a survey that we would like aesthetic practitioners to fill out. This is your opportunity to participate and the time invested will help us shape our products around you. To thank you for your time, enter our prize draw where 6 people have a chance to win £50 Amazon vouchers. To complete our survey [click here](#).

For more information, contact Sammy Altman ([sammy.altman@hamiltonfraser.co.uk](mailto:sammy.altman@hamiltonfraser.co.uk)) or call 0345 362 3092.

### Notes to editor

This survey is completely anonymous. Participants can opt into the prize draw by entering their email address at the end.

### About Hamilton Fraser

Hamilton Fraser Cosmetic Insurance has been providing insurance since 1996. Alongside Medical Malpractice, we offer insurance for Clinic and Surgery, Directors and Officers and Cyber Liability. This enables you to create a bespoke policy tailored to meet your specific needs and requirements. At Hamilton Fraser not only do we offer competitive premiums, but we also believe in providing expert customer service, to ensure that you and your business have the right protection.
